World Is Taking**

A force of nearly eighty men are busy at work at Arlington Park preparing for its month of racing during July. Aside from the erection of the new club house, no large single improvement is being contemplated, but the park is so immense and there is so much to be done in making incidental repairs that it is a small army of workmen that enter its gate every morning.

The major improvements will be the cementing of the walk from the railroad station to the grand stand and the cementing of the terraces in front of the stand.

The \$150,000 new club house will be completed in ample time for the races. According to the Chicago press, there will be a greater array of eastern horses this year than any of the other three meets that have been held at this track.

Chicago race goers, accustomed to reading about the great thoroughbreds in the east, but seeing very little of them, may have to rub their eyes and determine, for sure, they are not dreaming, when they glance over the names of the eastern talent coming to Arlington park for the summer meeting in July.

Roy Carruthers, the executive director for the reorganized American National Jockey club, gave out Wednesday a partial list of the stable reservations made for the Arlington season. It reads like a Saratoga register as far as the east is concerned. As for the west, every great turf establishment, from the Alleghenies to the so called sunbelt states of the Pacific, is represented.

William H. Dupont's Foxcatcher farm stable has reserved stalls for 22 horses, the Glen Riddle farm, 20; the family of Man. O. War's sons and daughters, asked for room for 19 horses; Max Hirsch is bringing 12; George Widener 7, including Jack High; Harry Payne Whitney will send his first string of 22 horses in charge of James Rowe, Sr.; R. T. Wilson, president of the Saratoga association, and W. J. Salmon will send a band of 10 in charge of Trainer T. J. Healey.

The western contingent is headed by Col. Edward R. Bradley with some twenty horses, including Blue Larkspur; former Senator J. N. Camden with 17; J. C. Milam with 12; former Senator George Wingfield of Nev. with 25; Jerome Respass with 21; Desha Breckinridge and L. B. Combs with 14; J. J. Coughlin with 30, including Roughish Eye and Karl Eitel; Harry Unna with 12, which includes the Col. Roth winner, Gen. Prince; Jack Baker will be here with 16, Col. Bob Baker with 10; S. S. Combs with 25; Polk Lafont with 12; Morris Vehn and Fred Grabner of Chicago with 21; N. W. Church of California with 9; Baron Long with 6; the Audley Farm stable with 30; Hal Price Headley with 20; H. H. Cotton of Los Angeles with 15; Edward Cebrian with 9, and Jess Spencer with 22.

There will be room for about 1,400 horses at Arlington, Mr. Carruthers explained. Nine hundred of these stalls already have been allotted, he said. Virtually all the eastern stables will have representatives in the various Arlington stakes, the American Classic having attracted every great 3 year old not only in the east but in the west as well.

Dickerson Added to Staff
Another member of the Arlington Park staff of officials was added yesterday when it was announced that Roy Dickerson had been selected to do the starting.

Dickerson for a number of years has been the chief assistant to Mars Cassidy, the starter on New York tracks. He frequently has done the starting during Mr. Cassidy's absence and, according to Mr. Carruthers, has the indorsement of horsemen in both the east and west.

**Arlington Ball Team
Pay First Game Sunday**

The Arlington Booster Club will play their first game of the season at the East Side ball park on Sunday, April 28, at 3:00 p. m., with the Des Plaines Dodgers furnishing the opposition.

Why strive for heaven, asks a reader in Farm and Fireside, when after reaching it we don't know it?

Daylight Savings Time Next Week

Daylight Savings time begins 2 a. m. next Sunday; so in order to get to church comfortably in the morning, do not forget to turn the clock an hour ahead when you wind it Saturday night. Good idea to go promptly to church Sunday and show you did not get caught napping.

Gorgeous Magnolia Blooms Give Heights A Touch of Dixie

A rare sight for northern Illinois, as if taking one back in the Sunny south are two magnolia trees in full bloom on the lawn of Mrs. Rosent Horcher and Miss Laura McElhose at the corner of Fremont and Evergreen streets in Arlington Heights. The big pink blossoms like pink tulips are 3 1/2 to 4 inches long, and the trees are full of bloom. The leaves are not yet out.

The species is rare, according to George Klehm, nurseryman, and until recently it has been necessary to send to Holland for specimens. The name is Magnolia Soulangiana and to enable the trees to endure our rigorous climate, they must be grafted on roots of a still harder stock, the Magnolia Accuquinata. Then this gorgeous reminder of southern climes can flourish right in one's own door yard.

Mothers and Daughters Banquet to Be Given By M. E. Mothers Club

The annual Mothers and Daughters banquet given by the Methodist Mothers club will be held Wednesday, May 1 at 6:30 o'clock at the church. Each guest will be asked to relate some amusing incident in her life. All members and their daughters are cordially invited. If you have no daughter please borrow one.

Missionary Society Monday.
The Woman's Foreign Missionary society of the Methodist church will meet Monday, April 29 at 2:30 p. m. in the church parlor. Mrs. George Peterson will be the hostess.

F. E. Davis Store Marked Down Sale Ends Tomorrow

Thousands of dollars worth of bargains are ready to be disposed of tomorrow, the last day of the big reduced sale of the Davis store in Arlington Heights. The store has made a big record of sales and everybody is well satisfied, according to Edward Haemker, manager. Last Saturday was a big day and tomorrow should be another one. Their advertisement in this issue invites the public to come and stock up.

Builders Chapter To Attend Church Together Sunday

The Arlington Heights chapter of the Order of the Builders will attend in a body next Sunday morning service at 11 o'clock. Daylight Saving time, at the Methodist church. The chapter members will march in together. "Master Builders" will be Mr. Billman's sermon topic, "Character building in older boys and young men," is the purpose of the Builders.

Start Excavating For Redeker Building

The steam shovel started last week on the excavation for the big Redeker building at the southeast corner of Vail and Davis streets in Arlington Heights. Seven streets will be on the ground floor, one of which will be occupied by the Western Union Telegraph office, and the two upper floor will be apartments.

Income Tax Bill Passes State Senate

The state income tax bill was passed Wednesday in the Illinois state senate by a vote of 27 to 19; and the make up of those who were for and against shows where the shoe pinches. It would provide a levy of one per cent on incomes over \$5,000, as explained in the Cook County Herald a few weeks ago, except that regular real estate taxes paid are to be deducted in full from the amount of one's income tax. The purpose is to lighten the burden of taxation from home owners and farms by making the increasingly large class of those who have large incomes, but who hold no real estate contribute their share to the government. Deductions would be \$1,000 for single persons, \$2,000 for married, and \$500 for each dependant. The tax proposed is 2 per cent of incomes between \$5,000 and \$10,000 and 3 per cent on those over \$10,000.

The nineteen who voted against the bill naturally were from Chicago, with two exceptions, one from Peoria. None in Chicago voted for it.

The bill has the backing of the Illinois Agricultural association, and many real estate and Grange organizations, and is intended to have some effect, however, slight, in offsetting the draining of wealth from the country and smaller centers off into the big cities.

The bill now is up to the house.

ARLINGTON WINS FIRST BALL GAME

To Play Naperville Tuesday at East Home Field

The Arlington Heights high school won the first baseball game of the season on the east field on Tuesday afternoon, playing the Leyden high school team of Franklin Park and winning 4 to 1. Diederich pitched for Arlington Heights and turned in a good performance for the first game.

One of the high lights of the game was striking out three men in a row, with 2 men on bases and keeping them from scoring. Two visitors knicked him for two hits and advanced to second and third bases, and then Diederich came thru to strike out three men and retire the set.

The visitors started right out and scored one run in the initial inning on two hits by Spaulding and Benny. Arlington came back in the half and evened up the score by one run.

Schulenburg scored the initial run, when L. Brodman came thru with a nice single. Then Schulenburg and Brodman put on the scoring act again in the third inning, and both of them crossed the plate by a squeeze play with Wilton laying down the ball. Schulenburg scored the final run in the sixth inning with the aid of two errors by Kohn and Brekke of the visitors.

To Try New Opponents
The next game will be with Naperville here Tuesday, April 30, at 4 o'clock at the home (east side) field. The schedule also calls for two games with Woodstock later in the season. This will be the first time Arlington Heights has played these teams in sport. Thus the interest is keen.

A complete schedule of games will be published as soon as completed. Ralph Cressey of the high school faculty is coaching the local team.

Bigger Tires, More Schooling Says Winkie

Elroy Winkie says that every time he purchases a new machine for his establishment, he has to go to school. This time, he is securing practical experience in the handling of the large pneumatic truck tires for which he has just installed a giant electrical vulcanizer. It seems to Winkie that it takes nearly as much schooling to become an expert in the tire, battery and radiator work as it did to learn the three "R's" in the public school. At least Winkie is not playing "hookie" these days. That schooling costs too much. He expects to complete his newest course next Tuesday.

Glass Blower Gives Exhibition Today

An exhibition will be given this afternoon (Friday) at 2:30 o'clock at St. Peter's Evangelical Lutheran school by Dr. Marshall Howell's Troupe of Bohemian Glass Blowers. It will be in the auditorium upstairs at a general assembly of the school.

Patrol Boys "There"
The Safety Patrol boys are doing 100 percent, according to H. C. Landeck, principal. "They are right there. They have dropped playing, and stand on the corner and watch."

Why Not Honest-to- Goodness Memorial Day Here This Year

Memorial day will soon be with us and it would seem logical to start a movement for some real heart felt memorial exercises this year. The scouts pledge themselves to do their part and with the cooperation of all we can show the outside world that what our soldier and sailor friends and relatives did for this nation has not been forgotten by Arlington Heights.

There is too much of the "Let someone else do it" spirit these days in everything that means personal service, but we can't overlook the naked fact that without personal sacrifice on their part we would not be enjoying the pleasures, health and prosperity now ours for the earning.

Last year our Memorial Day services were participated in by a few veterans, a couple of village officials, the Girl Scouts, the Boy Scouts and a visiting Scout Troop from Chicago.

Don't leave it to a few this year. Get out and do your bit if it's only to line the course of the march and show that you haven't forgotten.

Let's get things going—American Legion, Veterans of Foreign Wars, D. A. R.'s, etc., forget self and think in terms of reverence, where gratitude and harmony walk hand in hand and animosity, greed and fear are smothered under the blanket of true brotherhood.

The above taken from Fred O. Proctor's Scout notes for this week and given front page space because of its general importance, the Herald hopes will be taken to heart this year and followed through. Not only do we owe an everlasting debt of gratitude to the boys that sacrificed for us, by preserving the memory of their deeds, but to refresh and improve our understanding of the right principles on which the American commonwealth was and is founded; that we highly resolve that these dead should not have died in vain, as said Abraham Lincoln.

John Rolfe Of Arlington Heights Probable Principal

grade school is probable principal at palatine. As we go to press information is received that John Rolfe, who has been an instructor in the Arlington Hts., grade school the past year, has been retained by the teachers' committee of the Palatine Board of Education as principal of the grade school.

The recent announcement of Supt. Gustafson that he intended to leave the teaching field to enter commercial life, came as a great surprise and disappointment to the Palatine board of education and patrons of the school, who are familiar with his work. Mr. Gustafson was also an instructor in the Arlington Heights grade school under the direction of Supt. Whitmore of that school system. Mr. Rolfe has had somewhat the same training and the Palatine school feels that the new applicant is well qualified to carry on the work that has been so successfully started in the Palatine school by Mr. Gustafson.

Lions Enjoy Pictures Wild Game in Alaska

Moving pictures of wild game in Alaska, and shooting with bows and arrows were shown by Noble J. Puffer at the Arlington Heights Lions club meeting Tuesday night at the Lutheran school building. The meeting was very well attended and all had an enjoyable evening.

HERE'S FINE EXAMPLE OF COOPERATION

**Cross Section of Scout
Backers Shows Town
Character**

Examples of the caliber and tone of Arlington Heights people are those who have made it possible for scouting to grow here. There is real mutual appreciation and co-operation. Just read the following.

The school board has been generous in permitting the use of the high school gymnasium. Messrs. V. I. Brown, Frank M. Meyer, Wm. Mueller, Allan Billman and Dr. Best have given of their time for troop committee work. Dr. Best, Fire Chief Volz, instructors Conger and Rahl, of our schools, Mr. Landmeier and Mr. Brown, have instructed in Merit Badge subjects.

Wm. E. Koepplin's talks have been wonderful sources of inspiration; Mr. Tagge, at the Elk Grove Forest Preserve, has given personal service on troop hikes; Mr. Kastning has assured the success of many a hike by granting to the troop use of his Plum Grove property, and numerous other friends of scouting have come to the front with assistance when called upon. Organization after organization has come to the front with its contribution.

The American Legion has recently given the exclusive use of two rooms in their Campbell street home for scout troop quarters and general use of the property for scouting activities.

Last, but far from least, is the Parents Auxiliary to Troop 7, made up of some of the mothers of scout members, and doing a wonderful work for the boys.

In the life of the auxiliary they have furnished payment for troop transportation to rallies and courts of honor, outfitted the troop officers with official uniforms, purchased instruments for the band and next Friday, May 3, will present a fine dinner for the scouts and their dads at St. John's Evangelical church.

At takes a mother, lads, and what an organization it will be when all of the mothers get into the work. Then add the dads, for it usually takes them a little longer to work up enthusiasm, and we can set a pace in our scouting equalled by few and exceeded by none.

Step on the accelerator of achievement, Scouts, and let's make results show your appreciation. Perhaps this splendid cooperation helps to explain why Arlington Heights troops number 7 won a 100 percent efficiency mark, the highest in the Northwest Suburban district, during March and April. And that just adds to the laurels of the local troop. You can't keep a good bunch down.

And there are two troops of Girl Scouts and their auxiliary council doing fine work, too.

Southside Social Club Has Other Good Time

The Southside Social club held another of their delightful card parties Tuesday night. Nearly a hundred and fifty southsiders were present, due to the multitude of personal invitations that had been delivered over the phone. The southsiders are boosters and the first thing they are boosting is the social life of that section of Arlington Heights.

HIGH SCHOOL STUDENTS VOTE WET

**Only One Pupil In History
Class Declare For
Prohibition**

**SURPRISE TO
THEIR PARENTS**

**Poll Taken Before and After
Debate Shows Little
Change**

Were the members of the American History class in the Palatine high school opposed to prohibition on account of their own experiences or belief, or were they just echoing the belief of their parents' when they voted "wet" in a poll taken at that high school this week? Much has been said about the "flaming youth" of today but perhaps the youth are not so much to blame after all for the beliefs that they think they hold. Few, if any of the students who voted "wet" Wednesday morning, following a debate upon the question, have had any personal experiences or can remember the days when saloons thrived in Palatine and there is no reason to believe that they are personally acquainted with the wet goods of the present day, but on Monday when the first poll of the class was taken all of the members, except three, expressed their belief that prohibition was a failure. After the debate, the dry cause had only one exponent. The debate was conducted during the history period on Tuesday and Wednesday. The class is composed largely of seniors.

There are a lot of parents in Palatine who talk wet, but live dry. The above poll seems to indicate that their children are following in the footsteps of dad so far as the talk goes and it remains to be seen if in after years, they will continue to follow in the footsteps of their parents and only talk wet or will ultimately also live wet. It is a situation that will no doubt appear alarming to many parents.

Former High School Boy Wins Honor for High Scholarship

The following letter has been received by Principal V. I. Brown at the Arlington Heights high school, regarding the honor for scholarship in the University of Wisconsin received by Walter E. Miltzer, son of Mr. and Mrs. Theodore Miltzer, 302 Euclid avenue.

"Realizing your keen interest in the welfare of the former students of your high school who are now in the University, I take great pleasure in notifying you of the initiation Monday evening, April 8, into Phi Eta Sigma, the freshman honorary scholastic fraternity of Walter E. Miltzer.

"The qualification for membership in this fraternity is an average of 2.5 for the first semester, viz., half A's and half B's or better. Of the 1538 freshmen men in the first year class this year, only 59, less than 4%, have thus far met this requirement. May I add that we regard this honor of being among this 5% as the most distinctive that can come to a freshman during his first year at our University, and I wish to tender my congratulations to the high school which sends us men who qualify for which sends us men who qualify for Phi Eta Sigma. I trust that others from your school will strive to emulate this splendid example.

Very sincerely yours,
S. H. Goodnight,
Dean of Men"

Wolf Coal & Oil Co. Plan Vast Improvement

The Wolf Coal and Oil Co., plan to proceed with the installation of the gas and oil stations which according to plans will be a credit to the village.

They plan to alter their present building so as to make it very neat in appearance and install two 15,000 gallon oil tanks from which they will supply their oil burner customers with fuel.

In the alteration of the building they propose to erect a modern rest room for both ladies and gentlemen as well as a modern office. The estimated cost of these improvements will be approximately \$10,000 to \$15,000.

This firm is making quite an investment in Mt. Prospect as they believe that this is the logical place to establish a business of their type.

Arlington Heights To Have Modern Vegetable Store

A new fruit and vegetable store will be opened in the Landmeier building, 5 West Campbell street by Tony and Frank Scolaro. The excellent fixtures going in now include a 10 by 12 foot Fridgidaire electric refrigerator. The store will be strictly up-to-date.

POTPOURRI Of Sense and Nonsense

Cal. Coolidge has a job that's big enough for him now. It is to humanize insurance agents and to prevent such suicides as occurred out at Concordia, Kansas, where Walter Cyr, young farmer, drank poison to escape life insurance agents. Of all the pestiferous critters, insurance agents take the cake. Yet they are as necessary as cops. Good luck Calvin.

Boy, we think that our Presidential Campaigns are sometimes on a low level, but when we look at the present campaign in England, we raise a Te Deum that we live in America. The party now in power offers as its main reasons for support is the promise of abolition of taxes on betting, lower tax on beer and a lower tax on tea. Mighty Britain stoops to the satisfaction of its citizens lower appetites to win an election. Small wonder England's greatness and power is passing into America's hands. Beer and gambling will never rule the world.

Another land that makes us glad we live in America is Italy and the spoiled kid attitude it took toward Austria last week. Mussolini's paper said of Austria: "Italy will argue with Austria no more. Austria is nothing but a mere spittoon. If we speak to her again it will be with bombs." Then followed epithets so vile no foreign press would dirty their sheets by even reporting them. And why? Because Austria had defeated Italy in football to the tune of 3 to 0 for the championship of Europe.

Not all wisdom is in America, however. University student in Yugoslavia last week took a more effective way of stopping a lewd performance than any found in the U. S. They threw beats at the performers and called the stuff vulgar then walked out. Here in the U. S. we have the police, take it to court, give the rotters a lot of free publicity with the result that all a failing show needs to do to hang out the S. R. O. sign is to have it raided by the police. Call a show wicked and it succeeds. Call it vulgar and it fails.

Here too is a lesson for us in prohibition. We call it wicked to drink and since no one wants to be a prude and gets a kick out of being wicked we drink. Show it up for what it really is—vulgar, passe cheap—and drinking would decrease.

The Daily News runs a series of articles showing that drinking in colleges throughout the country is on the wane and is no problem at all in our western schools and decreasingly so in eastern schools. Wet papers are careful not to copy.

St. James church forum in Chicago voted to a man not to buy or advertise in or patronize advertisements which exclusively use a certain militant wet Chicago newspaper. The reason assigned is that this paper maliciously distorts all prohibition news and prints as news, wet propaganda, which should find place only in its editorial columns. That attitude on the part of the 50,000,000 church members in the country would soon change the countries attitude on the glorifiers of Constitution breakers and nullifiers.

Hurrah for men of courage in Buenos Aires. When the government forbade appearance on the streets without coats the men took to wearing suits of pajamas on the streets in 100 degree weather. It has become a vogue. The women have sensibly discarded heavy clothing, who will emancipate the American man?

While Chicago still talks subway—Santiago on the west coast of South America begins work on a 30 block subway.

You can't beat Henry Ford. He has just been discovered why Henry claims not to have lost money in the change from T to Model A, which cost him over \$100,000,000. Just before the change began he bought General Motors stock—then spread the stories about the difficulties he was having with the result that General Motors rose steadily. Cleaning up millions he sold before production of the new model was well under way. Can't vouch for the truth of this, but if its true its one of the cleverest tricks of trade ever handled. Making a competitor pay the cost of changing one's model is hot stuff—eh wot?

Now if his dealers had only gotten in on the ground floor, everybody would have been happy.

We want to know, too, who's got the answer? Young Bobbie had just been chastised by his paternal parent and sought consolation from his mother.

"Mamma," he said, "did Grandpa spank Daddy when he was little?" "Yes dear."

"And did his daddy spank him?" "Yes."

A pause. "Well," said the small boy wearily, "who started this thing anyway?"

The new Boy Traffic Patrol is already demonstrating its worth. Watched the efficiency shown by two boys on one corner after school on Tuesday. They acted like veterans.

BUSSE TO ASK STATE HELP N. W. HIWAY

**Widening of Route 19 Is
Now Up To State;
Is Only Hope**

**ROAD WORK IS
CURBED FOR 1929**

**Only Funds Available Will Be
Balance of \$15,000,000
Bond Issue**

The road building program in Cook county during 1929 will be somewhat curbed on account of failure to receive the usual tax money and unless anticipation warrants are issued the only road building that the county can do this year will be from the remaining funds of the \$15,000,000 bond issue.

As was published exclusively in the Cook County Herald two weeks ago, the fate of the Northwest highway widening now rests with the state. The county highway department has turned over to the state all the plans and specifications needed for the project. Those plans had been prepared with the expectation that the county was going ahead with the work. The Northwest Highway is one of the routes whose widening is now expected to be paid for by state funds. With the plans available it would be possible for the state to push the project this year. In order to advance the matter, Wm. Busse, county commissioner, will go to Springfield next week to urge Governor Emmerson and the state highway department to include Route 19 in their early widening plans for this year. The county had progressed the work to a point where the contract for the grading was tentatively let. This will now be held up unless Mr. Busse's effort in Springfield meets with success. Mr. Busse states that the widening in that town was completed last year.

New Contract Let

A contract was let last week for the paving of over a mile of the Busse highway in Park Ridge, the work to be done jointly by the county and the city of Park Ridge. The improvement will start at Touhy Avenue near the viaduct west of the Park Ridge school and extend to Deer road. This is expected to ultimately be a part of route 19 as it will relieve that highway and Rand road.

Grading is in progress on Milwaukee Avenue between Dempster street and the county line. The grading and culvert work is to be paid for by the state and the actual paving will be an obligation of the county. The same contractor has the entire work. The only stretch between the above two points that is not included are the few blocks through the business section of Wheeling, where the property owners could not agree upon a widening program and where nothing can be done until that matter is settled.

Mt. Prospect C. of C. Plan Advertising Signs

Wednesday evening the members of the Mount Prospect Chamber of Commerce met at the village hall and after the regular routine of business was disposed of, new business was entered upon.

The matter of two large billboards telling the good things of Mount Prospect were talked about. George Busse was named chairman of a committee to investigate this matter.

Then the question of helping the public to appreciate Mount Prospect came up and several methods were discussed but this was put over to another meeting, in the event that the Chamber wants to take up this matter.

Walter W. Wiess, our local attorney, who recently became a member, was present and took quite an interest in the proceeding, he being called away before the adjournment, assured all that he was pleased with our organization and hopes to be an active member in the future.

Busse-Biermann Store To Hold Demonstration

Some people will be lucky on Saturday if they attend the paint demonstration at Busse-Biermann's Store, as the winners who guess the nearest correct amount of color chips in a bowl, will be given some valuable prizes.

The Kitchen Kook stove people will also have a factory representative on hand and they will put on a real demonstration on the stoves they manufacture.

Do not forget the date, Saturday, and go into the store with your paint or cooking stove problems, someone will be on hand to answer your questions and show you the right way to do the thing you want to know about.

OBSERVER'S NOTES

There is a prayer we well might pray,
"Lord take our meanness all away,
And make us brave and kind and true,
And larger in all our actions too.
In frugal fare or days of feast,
Help us to share even to the least.
Our loved ones and each dearest friend,
Keep us from nagging without end
O help us all this prayer to pray,
Lord, take our meanness far away."

Mean, meanness, can you conceive of any trait of character harder to endure from another than just plain meanness? Makes you mighty uncomfortable to be the victim of meanness in another. Make you more miserably uncomfortable if you are mean yourself. Mean? Yes, little resentful, petty, jealous thoughts and purposes. Lord, take them all away.

Besides, if you entertain mean resentful thoughts, they leave a mean expression on your countenance, a look no beauty doctor or beauty lotion can eradicate. Indeed there is no beauty so beautiful, so enduring, as the radiation of beauty within cultivate. This is more potent than beauty doctor's powders or lotions.

After all, isn't this old world a beautiful place? Have you noticed the great flocks of sunshine no dark cloud or storm can eclipse. I mean the golden bells or Forsythe in the parks and lawns about town. No, the black clouds do not dim their beauty or their shine. Like a cheery friend's face, not subject to moods and gloom, how comforting they are.

If I were to tell you the best thing in Arlington Heights today I would say it is the brave cheery people, who suffer great hurts, who

BOWLING

SEASON IS AT END

Monday Night League Shows Good Average

The Arlington Heights Dist. bowling league ended last Monday with a finish, the writer believes, is the closest contest any league could possibly have.

The standing of the teams in the district league was not decided until the final game which could end with a possible three way tie for first and second place; third and fourth place and fifth and sixth place.

Steinke's team finished first with 48 games won and 42 games lost. The beer slingers finished with a dandy team average of 895 for the year. The boys who finished first are Shelton, Oefelein, Oltrogge, Scolaro, H. Hesch, Joe Hesch and same surely deserves to be in first position as they fought through a hard finish. The other five contestants namely: Metz Cab, Edelweiss, Arlington Candy, Kitty Korner and Kehe Motor joined in a hearty congratulations to the Steinke boys.

Metz Cabs finished one game behind the leaders with 47 games won and 43 lost. The Cabbies have a team average of 897 for the season, which is high on the Dist. League.

The Edelweiss team finished third with 45 games won and 45 games lost. The team have a team average for the year of 884.

The Arlington Candy Boys finished fourth with 44 games won and 46 lost. The Candy team's average for the year is 893.

Kehe Motor and Kitty Korner finished with the same number of games won and lost being 43 and 47 respectively, which places teams tie for fifth place. Good sportsmanship was shown by the captains of both teams, namely: Fred Kehe of Kehe Motor and Prehm of the Kitties, when they decided not to bowl their tie off and divide evenly what the 5 and 6 teams are entitled to.

The members of the Dist. League are glad the present season is over with but just can't wait until next year when there will be new faces on most of the teams which no doubt will make the Dist. League stronger than ever.

Here comes a timely warning,
If the like of him you trust;
You will wake up some fine morning,
To find your bank just "bust."

A most unpleasant party,
You never guessed his guile,
With his handshake O, so hearty,
And his glad bright smile.

such good pure water to enter that organization that is seeking to extend their tainted chemicalized water to the far suburbs. Thank God for pure air, pure water, and blessed spaces, and good neighbors.

Muzzle your dogs. O no, my dog will never bite. Well, he will, and does bite. A great lover of dogs, out where homes are isolated so a dog has freedom to live a dog's life, no one likes a dog better than I. However dogs in town are a menace, kept as dogs are. Some every week tales of some one injured by roaming, un-cared for dogs. Feed, water and protect a dog and keep him at home, even there muzzle him.

Down at Gardner, a woman was the victim of a painful injury last week. She was attacked by a large German police dog and one shoulder was badly lacerated and one rib broken. The shock resulting from the fright and injury was severe. At Evanston in the city and suburbs, people have been warned again and again that no private individual should keep a police dog. Hydrophobia has been frightfully frequent, and no dog should be allowed to roam our streets.

Was scared out of a year's growth myself the other day by a dog wanting to sample the quality of my hosiery as 'twas going innocently down the street, not even thinking so profane a thought as "dog-on-it." There is nothing will send the cold chills all over one, even a hot day as a dog with a threat to bite on his countenance. In this City of Good Neighbors, don't let your dogs break the rule and shatter the creed of that slogan.

Referring to that slogan reminds me of a fine interpretation Rev. Frick put upon it. He says "Yes we are good neighbors, yet we are not always demonstrative about it. We know our neighbors are ready to respond to our need or call though we are not all the time speaking about it." These may not be his exact words, but he so clearly expressed my own idea of what being "Good Neighbors" means.

In fact we all belong to an ever-ready band, whose creed is the Golden Rule, and whose President is human need. Our ability to help all humanity is so limited; our sympathies so wrought upon it is well for us to study these. Yesterday a man stood at the door when I opened to his knock and said, "Only another peddler." Out of work eight months, grasped the first work offered, but he so clearly expressed my own idea of what being "Good Neighbors" means.

The fog is settling over the landscape and if my brain gets befogged with these labor problems there will be "good bye sunshine" in these notes. Yet we have enjoyed so many wonderful sunny days last week all the way to Friday, then how we grumbled at a two days rain. So unreasonable are we in our demands. Let us keep sunshine in our hearts.

Do you suppose it was those who really are most benefited by our community nurse, who voted against the public tax to retain her or failed to vote on the little ballot who decried the movement? At any rate it is most regrettable that the defeat came. By the way, why the little ballot?

Comes May, comes June and all the air will be redolent with education and school themes. O, that some beneficent power would give these vast interpretations these wrong interpretation of the true meaning of education, pause. Spenser said "Education is not a cramming in of the content of books, it is drawing out of the thought, the use of the brain." One book well read and assimilated gives more power, a truer education than volumes skimmed over. Thought meditation, "a drawing out" gives power to use and to accomplish.

Concentration of thought to a definite purpose:
One worn book and a quiet hour,
In the silences of night;
This the secret of Lincoln's power,
The key to his giant might.

John, alone in the wilderness,
With prayers for service aflame;
Heard God's message, became no less,

TROOP NO. 7.

Last Friday evening twenty-six members and officers of Troop No. 7 completed the investiture of a new scout troop in the village of Mt. Prospect.

Mother members of the Parents' Auxiliary to troop 7 were well represented among those present at the exercises.

"A Scout is Helpful."

Troop registration for 1929 will be forwarded this week and another year of Scouting presents itself to the eager scouts.

Starting a year ago the troop was at ebb tide in all ways with very few members.

This registration finds a membership of fifty with a sponsored organization of twenty odd Wolf Cubs working to become Scouts when they reach the required age of twelve and a Mothers' auxiliary assisting in many ways.

Let us keep stepping, Scouts, to larger and better things along Scout lines.

"Achievement" is our watchword—keep it growing.

"A Scout is Loyal."

Regular troop meetings each Monday in the high school gym from 7:30 to 9:30 p. m.

Band practice precedes every meeting and starts at 6:45 p. m.

The Wolf Cub Pack, made up of boys nine, ten and eleven years of age, meets Mondays from 7:30 to 9 p. m., in Room No. 7 of the high school.

"A Scout is Trustworthy."

The First Aid class being conducted by Dr. Best, Tuesday from 8 to 9 p. m. at Miller's Music store has an attendance of about 20 members of Troop No. 7.

Some real studying of First Aid in the Scout handbook will be

ACTIVITIES AT THE NORTH SIDE SCHOOL

The patrol boys of the North side school are getting a little better acquainted with their work each day, and everything is working out satisfactorily. It is going to be a good thing for the boys and a good thing for the town, says Superintendent E. D. Whitmore.

Plan School Festival
Plans are being made for the usual school exhibit and physical training exhibitions. The date has not yet been set; the weather being the uncertain factor.

Baseball Game Wednesday.
The boys are having a baseball game with the Park Ridge grammar school team here next Wednesday afternoon, and a return game at Park Ridge will be played in two weeks.

Leaders Stress Character Instruction.
Mr. Whitmore reports a profitable meeting of the North Side division of the State Teachers' association at the Lyons high school last Monday, and that two points were especially stressed in the conference. The emphasis must swing back in the schools to the teaching of character. It was brought out at the convention. This must be done primarily and chiefly by the influence of teachers who are themselves living examples of high character. The influence of the teacher's own largely unconscious example, either for good or bad, can hardly be overestimated.

Looking Ahead.
Another point stressed at conferences, Mr. Whitmore said, is to foster and develop ways of connecting the studies with student activities so as to furnish immediate use, exercise stimulus and motives to the branches taught. Musical organizations, for instance will put life into the music instruction and so on. This is a problem that forward-looking teachers will be working on during the coming year.

The reporter noticed that Mr. Whitmore's name appeared on the program as vice president of the association, representing 4000 teachers in Cook and Lake counties.

MOTHERS' SCOUT AUXILIARY NEWS
Just a little reminder, to please mail the card to reserve your place at our Fathers and Sons Banquet, at once, so as we will know how many Fathers will be present May 3, at 6:30. Cards must all be in by Monday, April 29th, the latest. This is a Special Request.

GEORGE GORSUCH
George Gorsuch was born April 11, 1862, in the town of Scott, near Pardeeville, Wis. He spent the greater part of his life at Fox Lake, Wis. In Fox Lake, he married Miss Sophia Fanshaw, Feb. 26, 1885. They moved to Beloit, and were there about ten years. The last two years, Mr. Gorsuch has been living with his daughter, Mrs. Roy Harris of Arlington Heights. At the time of his death he was visiting his daughter, Mrs. Clarence McKearn at Beloit. He died April 20, following a stroke on March 27. Besides Mrs. Harris and Mrs. McKearn, he leaves two other children, P. A. Gorsuch and Mrs. Harry Ostlund, both of Arlington Heights. His widow is residing with her daughter in Beloit.

South Side Breezes

Boy, when it rains like it did last week the people on the South side, at least south of South street, are almost compelled to stay home or else wear their bathing suits for street wear, especially on the corner of South and Mitchell. There's such a low spot there that when it rains very much one can't even wear rubber boots and be safe.

Of course you've all heard about the big surprise on Oley Oleson Saturday night. Judging by the number of cars parked in front of the house and the fact that the party was still going strong at two o'clock in the morning, our Cook County Farm Adviser and those surprising farmers must have made a lot of "whoopie."

South Side Get-to-Gether
A large crowd attended the South Side get-to-gether party at the South Side school last Tuesday evening. Almost all of the South Siders were there and they're really getting to know each other. That's just what we want to happen if we make these words mean anything. "The Town Of Good Neighbors." Let's get acquainted! Where can one find a more interesting way to get acquainted than by playing the exciting games of buncos and five hundred. Pinochle also found its way into the party Tuesday evening.

If you haven't attended one of these South side gatherings you'd better come to the next one. Watch for the announcement in this section.

What say you, South Siders, let's all have a knock down?

Birthday Party
Miss Grace Barrett gave a party at her home last Friday evening, April 19, to celebrate her thirteenth birthday, which was April 17. Eleven of her schoolmates were invited and one guest from Orland, Illinois, Miss Marjorie Sears. The girls played the game of buncos and first and second prizes were won by Doris Crofoot and Mamie Scolaro. Booby prize was won by Betty Miles. Dainty refreshments were served by the hosts.

Mr. and Mrs. Thomas A. Pope entertained their friends Mr. and Mrs. Jasper of the North Side with a dinner, Sunday at their home on South Mitchell.

Mrs. Scherer of South Mitchell visited her sister, Mrs. L. Klein at her home in Chicago Wednesday.

Miss Virginia Thayer, who has been visiting her friend, Dorothy Scherer for the past two weeks expressed her intention of staying another week in the "Heights" because she likes it here so well. We are glad you like it, Virginia, we like it, too!

A Buncos Party.
Mrs. J. R. Hodges entertained a group of her friends at her home on South Walnut street, Thursday, April 25. Buncos served as amusement for which there were prizes and the guests had a nice time celebrating Mrs. Hodges' birthday. All those present were from Arlington Heights except Mrs. J. King of Chicago. At a later time lovely refreshments were served by the hosts.

Beg Your Pardon!
An item appearing in this section last week stated that Mr. and Mrs. Henry Stange, moving here recently from Park Ridge were now living in the "Dream Home." They are, in fact living in the Herald Examiner Home on South Duntun.

Church Organization Notes
A meeting was held Tuesday night to initiate the organization of an athletic organization among the young men of the congregation. During the next week invitations will be sent out to every young man of the congregation to attend the organization meeting to be held at the school building, Friday, May 3. The committee plans to organize an indoor league; and if the interest continues, to sponsor other athletic affairs. All young men of the church who are interested in sports are urged to attend the organization meeting and promote the wholesome cause.

Juniors Hold Welcome Party
The Juniors of the Walther league are to hold a welcome party for the newly confirmed next Monday at 8 o'clock in the school house. The committee has arranged for a short play and an evening of interesting games and contests, followed with the usual light refreshments. All confirmed juniors of the church are most cordially invited to attend this special meeting and become members of the organization.

The Walther League now numbers about 160 all told. The juniors meet the 3rd and 4th Monday evening at the school, and the seniors the first and third Mondays for biblical and topical study and promotion of missionary work.

Concordia League to Hold Meeting
The Concordia League bowling season was brought to a close with the games of last Friday; and a special meeting of the Bowling club will be held Friday of next week at 8 o'clock to discuss matters pertaining to the prizes, the banquet and other details.

Suburban Trains to Run On Daylight Saving

The suburban trains of the Northwestern will run on the summer schedule next week, due to the adoption of Daylight Savings time in Chicago and suburbs. New time tables should be available tomorrow or Sunday.

METHODIST CHURCH

"Master Builders" is Mr. Billman's theme Sunday morning at 11:00 o'clock. This service is dedicated especially to young men. Guests of honor at this service will include the "Order of the Builders." Monday night at 8:00 p. m. the Men's Club will meet. Light refreshments will be served at the close of the meeting. Prospects of an indoor ball team will be discussed, and volleyball will follow the meeting. All who can, are urged to come as soon after dinner as possible and begin planting shrubbery and complete getting the ground ready for seeding.

Friday of next week the Ladies Aid will hold a meeting in the parlor. A speaker from Chicago will give a talk on what the women of United Protestantism are doing under the guidance and direction of the Federal Council of churches. All women interested in the theme are invited to attend.

Daylight saving begins Sunday morning. All services beginning with Sunday will be conducted according to the new time schedule.

The preparatory membership class will meet Tuesday afternoon at 3:45 in the gymnasium.

High League plans a hike for Tuesday this coming week. Detailed plans will be made Sunday evening after the devotional service at 7:00.

The public is cordially invited to attend the morning services and the Wednesday evening meeting. Children under 20 years may be enrolled in the Sunday school by due application to the ushers.

CHRISTIAN SCIENCE CHURCHES

"Doctrine of Atonement" was the subject of the Lesson-Sermon in all churches of Christ, Scientist, on Sunday, April 21.

The Golden Text was, "Walk in love, as Christ also hath loved us, and hath given himself for us an offering and a sacrifice to God for a sweet-smelling savour" (Ephesians 5:2).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Therefore if any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new" (II Cor. 5:17).

The Lesson-Sermon also featured the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "He to whom the arm of the Lord's revealed will believe our report, and rise into newness of life with regeneration. This is having part in the atonement; this is the understanding, in which Jesus suffered and triumphed" (p. 24).

Sunday, April 28, Niles Center baseball team will meet East Maine on the home diamond. The game scheduled between the Evanson Tigers and East Maine last Sunday was postponed account of bad weather.

The Unterstutzungsverein had their annual party at Nieman hall in Niles Saturday night. A large crowd was present and everybody there reports the time of their life.

Mr. and Mrs. Henry Goetteche entertained a crowd of friends Sunday in honor of Mr. Goetteche's birthday. A delicious supper was served and bunco and cards passed the time away all too quickly.

Several East Maine friends traveled to Arlington Heights Saturday evening, where they helped celebrate the birthday of Caroline Jaacks, daughter of Mr. and Mrs. Leo Jaacks.

Little Melvin Nielsen, who had the misfortune to sprain his leg by a severe fall about 2 weeks ago is able to be around again, and will soon be back in school.

Fishing must have been good Sunday for the Oren Jaacks and Walter Dittler families came home with 5 large fish weighing from 15 to 20 pounds each, which they caught in the channel at Long Lake.

Mabel Steil left Friday morning for two weeks visit with her sister, Mrs. Edna Stoll, who is sojourning near Denver, Colorado.

East Maine public school, District 69, will have a bunco party in St. Matthew's school Saturday evening, May 4. Tickets 25 cents, includes a chance on a beautiful door prize. Tickets are also being sold on an electric cooker to be raffled off to the lucky winners, after the party refreshments consisting of chicken sandwiches, cake and ice cream will be served. Everyone is invited and a good time assured all who come. The proceeds of the affair will go to their school.

A card from Miss Mabel Steil says: "An having just the most wonderful time. Enjoyed a thrilling mountain trip up Lookout mountain, visiting Buffalo Bill's grave and driving down through the canyons. Was very much impressed by the grandeur and beauty of the Rockies. Will be back in East Maine by May 4."

Palatine Township Board of Health Now Organized

The board of health of Palatine township was organized this week. Supervisor John Meyer is not expecting any epidemic but the law requires that the board be officially organized by the election of a chairman and secretary. Failure to do which would make acts illegal. It is to guard against any such happening that Supervisor John Meyer Town Clerk Geo. Howes and Assessor Henry Deverman have officially established the board. They are now ready to do business but hope that there will be little to claim their attention.

Walter Witt Wins More Honors in Trap Shoot

Walter Witt attended the trap shoot at Lincoln Park Sunday and won the morning events to the extent that he brought home over \$40 in prizes. He was not quite so fortunate in the afternoon. The trap shoot season opens for the gun clubs of northern Illinois with a shoot at Waukegan Sunday. There are six clubs in the league and the second shoot will be held at Palatine in May. H. H. Mosser is secretary and treasurer of the organization.

Latin Classes Put On Roman Wedding Matron Officiates

Mock weddings are generally diverting, but when in the costumes and customs of 2000 years ago, in ancient Rome, they take on an added interest.

An ancient Roman wedding was shown in 7 scenes by Latin 1 and 2 classes in the Arlington Heights high school yesterday morning at the general school assembly at 11:20 o'clock, under the direction of Miss Helen Russell, teacher of Latin and French.

Arthur Long was Gaius, the groom; Dorothy Chidley, Gaila, the bride; Edward Ericson and Margaret Klehm the mother and father of the bride; Paul Cordulack, the groom's father; Loraine Meier, the Roman matron who performed the ceremony; Bernice Tatge, Camillus who carried offerings; John Mitchell, Frank Jahn and Robert Mors Roman boys; Frances Horcher, Virginia Marshall and Eleanor McDougall, Roman girls; Earl Schmitz, Raymond Croft and Louis Stefank, servants; and other pupils, relatives and friends.

How the Knot Was Tied.

The play was a pantomime in 7 scenes, depicting the various steps in the wedding according to the custom of those days Eleanor Fee reading the description to accompany the scenes. The first was the agreement between the fathers and exchange of betrothal gifts. The bride in the second scene dedicates her locket and childhood playthings to the gods of her father's house and dresses herself in a white robe which she does not remove till after the wedding. The mother in the third scene further dresses her daughter for the wedding; her hair is ornamented with bands of white wool, her veil is flaring red, and she carries a bouquet of flowers picked by her own hands. The groom in a white toga comes to the bride's home accompanied by his relatives and friends. A Roman matron who is still married to her first husband conducts the wedding ceremony, and the couple are congratulated with the word "Feliciter." The wedding feast follows and the guests served wedding cake wrapped in fig leaves. The company then proceeds to the home of the groom, who scatters nuts among the crowd, cigars being overlooked at that time. As the bride enters the house she throws her torch (no it's the bouquet) to the procession.

After the Roman wedding the life of Hercules from the time he strangled a big snake as an infant in his cradle, and on through the other picturesque legends of the Greek hero.

This is the first time dramatizations of classic lore have been given in the high school, and no doubt many more are to follow.

Check: Probable Attendance Next Year.

The office is beginning to check on the probable freshmen pupils coming next year from the public and parochial elementary schools. By this means the set-up of classes can be planned with a desirable degree of accuracy and efficiency.

This week completes the second six weeks' period of the semester. Examinations are being given this week, and grades will be given out next week.

To Make Address.

Principal V. I. Brown has been asked by Superintendent Merrill of Park Ridge to deliver the commencement address for the Park Ridge public schools June 12.

Dan Cupid Is Busy in Palatine

There will be a number of May and June weddings in Palatine. Invitations for some of the events have not yet been issued, but showers and plans for bridal parties tell of approaching nuptials. Three such events will take place May 4.

Miss Viola Porep, daughter of Mr. and Mrs. Fred Porep will be the bride on May 4, of Raymond Hunnberg, of Roseile.

Mr. Arthur Schroeder, son of Mr. and Mrs. Geo. Schroeder and Miss Gertrude Karczewski, daughter of Mr. and Mrs. John Karczewski will be married at the Palatine Lutheran church May 4.

St. Peter's Lutheran church, Arlington Heights will be the scene of a large wedding the same afternoon, when Miss Selma Meier, daughter of Mr. and Mrs. Fred J. Meier, will be the bride of Emil Mollenkamp, son of Mr. and Mrs. J. Henry Mollenkamp.

Miss Margie Zinn, daughter of Herman Zinn, will be the bride of Mr. Clarence Gollignon at an early wedding.

Supplants Steel Wool

Steel wool is said to have been sidetracked in many of its fields of usefulness by the invention of a somewhat similar nature in which copper is used instead of steel. The mass is said to be as soft as a sponge, and has a marvelous ability for cleaning pots and pans in the kitchen and other metal surfaces which have become rusted or otherwise incrustated. The copper is said to be absolutely scratchless.

Monday our high school students enjoyed a pleasant holiday on account of a teachers meeting held on this day.

Monday morning, Mr. Arnold Schiller of Chicago, a dear brother of Mrs. Dudley Budlong passed away, after having been seriously ill for several months. We all extend our deepest sympathy to Mr. and Mrs. Budlong.

The ladies aid held their social meeting on Thursday afternoon. Lunch was served and a good time enjoyed by all present.

Sunday afternoon, quite a number of our "music lovers" attended the Chicago Lutheran Teachers' chorus, assisted by Children's' chorus of 200 voices, accompanied by forty members of the Chicago Symphony orchestra, presenting "Judas Maccabaeus" by G. F. Handel.

Thursday evening of last week, Mrs. H. Kriper entertained her bunco club. A very pleasant evening was spent and a good lunch served, Mrs. H. Gosh received first prize.

Thursday evening, the American Lutheran League held their monthly meeting at the school. As usual it was a very interesting meeting. Monday morning a very interesting hour was spent at the St. Paul's Lutheran school, when Mr. Howe gave the pupils a demonstration of glass blowing. This is quite an art, and was sure enjoyed by all pupils. Each one received a souvenir of glass.

Mr. and Mrs. H. Mielke enjoyed a very pleasant Sunday in St. Joseph, Michigan.

Rev. J. Mueller and wife and Rev. C. Eissfeldt and wife attended the 70th birthday celebration of the President of the Lutheran Synod, Rev. F. Photenhauer. The occasion was celebrated with a banquet given at the River Forest Teachers' Seminary. About 300 guests were present. The college glee club and band rendered appropriate music. A wonderful radio was presented to the President and his family.

Ye Old Reporter

Blossom Time is near at hand. My, oh my, won't that be grand. Then we can enjoy and appreciate. How grand is nature, even if it's late.

Doctor (to husband): "When you take your wife's temperature she must place this thermometer under her tongue, and keep her mouth closed for two minutes."

Husband: "Please Doc, haven't you got one that will take a half hour?"

Little Ann had been outside watching a robin build its nest, when she very excitedly called to her mother, "Oh mother, come here and see the birdie crocheting a work basket."

The Chicago Cubs have sure started off with a bang, if they will continue hanging their opponents into submission, time of course will only tell. However most of our town fans are pulling for them to "bring home the bacon this fall." Speaking of baseball, "our fast going nine" are scheduled to invade Wheeling this coming Sunday. Let's go—

"Ven do ve eat," says the Jewish man.

"Dish it up," orders the American. But methinks that I have a hunch. When you read this, it won't be long till lunch.

Cinders are cinders, and dust is dust.

If the auto isn't oiled, it surely will rust.

See you next Friday—another First day.

CARD OF THANKS

I wish to express my appreciation and thanks to those who gave me their votes for police magistrate at the election of Tuesday, April 16.

School Health Poster Competition To Be Held on Wednesday

An exhibit of health posters from the rural schools of Cook county will be held in the office of the county superintendent of schools, Room 1122, County building, May 1 from 2 to 4 p. m. The Cook county league of women's clubs are giving prizes of \$5.00, \$3.00 and \$2.00 to the pupil making the best poster. A program on health will be given.

"Pageant of Fun" At Palatine High School To Be Held Tonight

Tonight is the big night for Palatine's high school. The "Pageant of Fun," which students have been planning and working on for several weeks will be given this evening.

The big circus parade starts at 6 o'clock. After this has passed through town the show will be on. The spirit of fun and carnival will reign, and all roads will lead to the high school building.

There signs will be up and side shows running, clowns will amuse, barkers cry forth their shows, the orchestra break forth with dance tunes that tease your feet and the "Pageant of Fun" will be in full swing.

Let's go folks. Come early and avoid the rush. You're sure to have a good time. This is the biggest thing ever attempted by the school. Let's put it over with a bang.

River's Deepest Part

The deepest point of the Ohio river between Pittsburgh, Pa., and Wheeling, W. Va., is at a pool at Dam No. 10, Steubenville, Ohio, which is 6.7 miles from Pittsburgh. From the pool level to the bottom of the hole it is 41 feet. This is at low water.

Rev. Wagner To Celebrate 20th Year

Next Sunday morning as Reverend Wagner enters the pulpit to deliver his sermon it will be just 20 years to the day since he came to Bensenville to take charge of Friedens church as its pastor. In that twenty years he has followed many who were active members in the church at that time to their last resting place. He has united many of the young people in the holy bonds of matrimony, has baptized many and taken many new names into the church. And Sunday as he delivers his sermon which will be in German, all members of Friedens church should be present.

HIGGINS--CANFIELD

China Wedding
Mr. Fred Kaegebein, relatives and friends surprised Mrs. Kaegebein on her 20th wedding anniversary Sunday, April 21, at her home where all spent the afternoon playing cards and games of all kinds, after which a bounteous supper was served at which Mr. Louis Stanch served as toastmaster and wishing Mr. and Mrs. Fred Kaegebein many more years of happy wedded life. After supper they all danced until midnight, then departed leaving their best wishes. The following were guests of the China wedding: Mr. and Mrs. Louis Stanch, Mr. and Mrs. Peter Klippert, Mr. and Mrs. Albert Klippert, Mr. and Mrs. Louis Sann and family, Mr. and Mrs. John Loeding, Mrs. Anna Labus and family, Messrs. George Loeding, Arthur Vehrs and Wm. Klippert.

Louis Sann has the nicest farm residence and rural home in Cook county.

Louis Heuer has the best looking farm buildings and surroundings on Palatine road north of Mt. Prospect.

Fred J. Koehler and family of Chicago and other old time friends from Des Plaines, Bensenville, Schaumburg and Itasca attended the surprise party at the home of Mr. and Mrs. Henry Hasselmann in Des Plaines in honor of Mr. Hasselmann's birthday, and also helped them celebrate their 29th wedding anniversary. After entertaining each other, a delicious chicken supper was served. The rest of the evening was spent playing cards. Mr. and Mrs. Henry Hasselmann received a huge basket of beautiful flowers containing roses and snapdragons. All went home wishing him many more happy birthdays to come.

Bensenville Chosen as Site for New Factory

Tuesday evening it was learned that a firm desiring a suitable location to erect a factory for the manufacturing of airplane motors had decided that we have just the location they had been looking for. The proposition met with the approval of the village board as well as all the citizens looking forward to a greatly increased populated suburb.

It is reported that when the first building is completed and work started a minimum of 200 people will be employed and during the next two years two more large buildings will be erected and the number of employees increased.

Today the railroad and local retail business places furnish all the employment that can be secured in Bensenville. With the building of factories, which employ men by the hundreds, more homes will be built, business in general will increase and the town prosper.

Factory building sites are being sought where the location is suitable and where transportation is equal to the demands of the business. The Milwaukee's large terminals here employing hundreds of men and furnishing rapid transportation service in all directions is greatly in the favor of prospective factory builders.

According to the report, work on a building 1200 feet in length will be begun May 1, another the same size to be erected in 1930 and another the following year, while actual producing will begin by the first of next year.

Bensenville Man Has Narrow Escape

Last Week, Thursday, Alfred Marshall who was painting the home of Mr. Imwie took a fall which might have easily caused his death. While working at the top of a ladder, the ladder slipped and he was thrown from the eaves of the house to the ground below. At first it was thought he was seriously injured.

Dr. Oakes was summoned immediately and after a hurried examination decided that no bones were broken. The injured man had been placed in his bed at home after the fall and the doctor decided that it would not be necessary to take him to the hospital.

While he was unable to resume work for some time, Mr. Marshall, is recovering from his accident nicely.

Many a fall of shorter distance has proved fatal in many cases and Mr. Marshall and his many friends are highly elated over his getting out of it so luckily.

Evangelical Church Convenes at Freeport

The Illinois Conference of the Evangelical church which had been convening at Freeport during the last week closed its 85th session Sunday afternoon with the reading of the appointments of the ministers by the presiding officer, Bishop L. H. Seager. From this report it was learned that Bensenville is to have a change in pastors, as Rev. Renter is to move to the Austin Blvd. Evangelical church, while Rev. H. J. Osterland comes from the Salem church of Chicago.

In looking over the records of the church here we find that in the three years that Rev. Renter has been in charge the membership has grown from 54 members to 114, a nice growth for three years. A Woman's Missionary society has been organized and the Ladies' aid society has increased its membership about 46 1/2 percent. The Sunday school has also had quite an increase in attendance, all of which speaks highly for the minister and his co-workers.

Rev. Renter, his wife and two daughters have made many friends during their stay in Bensenville and will regret to see them leaving. The Misses Ruth and Alice, daughters of the pastor, will remain in Bensenville until the end of the school year.

Rev. Osterland comes to us highly recommended and capable of taking up the reins where Rev. Renter leaves them to assume his duties in other fields. Rev. Renter will preach his farewell sermon at the First Evangelical church next Sunday morning and the family will move to their new home the fore part of the week.

As Daylight Saving time is to begin this year on April 28, those attending church should not overlook the fact that all services will be one hour earlier than formerly. In other words, S. S. will begin at 9:30 Daylight Saving time and church services will follow immediately.

As Reverend Renter leaves us and Reverend Osterland comes to us may we all say in one accord, "May God bless both ministers in their new fields."

Former Local Railroad Man Drinks Too Much

Saturday morning, William Randall, whose home is in La Crosse, Wisconsin, but who had been working between Bensenville and Savannah, partook of a few too many looks at the moon and with the result that, altho his tongue was quite thick he could yet utter expressions which would not sound good in print and was not to be tolerated in offices where young lady stenographers were busily engaged in their work.

Chief Erwin was notified and in short notice had a piece of the moon locked in the local jail. After being given time to untangle himself from the effects of his looks at the moon William paid his fine and departed for his home.

Truth Hard to Down
Truth is tough. It will not break. Like a bubble, at a touch; nay, you may kick it around all day, like a football, and it will be round and full at evening.—Oliver Wendell Holmes.

REV. H. W. SCHIRNEKER

In the Providence of God there has been called from our midst our brother in the ministry—The Rev. Herman William Schirneker. Rev. Schirneker was born in Lemgo, Lippe, Germany, June 30, 1886. After having completed his studies in the elementary school, he entered the local "Gymnasium" to prepare himself for the Christian ministry. Following his graduation he spent a year at each of the following universities—Halle, Goettingen and Greifswald.

In the spring of 1912 he came to America and entered Eden Seminary at St. Louis the same fall graduating with the class of 1913. On July 6 he was ordained at Plymouth, Nebraska, by the Rev. G. A. Neumann. Realizing that increasingly the work of the church must be carried on in the English language he spent a year at the McCormick Theological Seminary during 1919 to perfect himself in the tongue of his adopted land.

On September 17, 1913, he was united in holy wedlock with Miss Lydia Schroeder who proved to be a real helpmate to him, sharing with him the joys and trials of the ministry and who during the recent months took upon herself all the responsibilities of managing the home.

During the sixteen years of his ministry, Rev. Schirneker was privileged to serve the churches at Guide Rock and Harvard, Nebraska; the Bethesda church in St. Louis county and the church at West Side, Iowa. April 8, 1926 he entered upon his duties at our Bensenville Home for the Orphans and aged and brought to his work not only whole-hearted interest but likewise a very fine appreciation and understanding of the problems of the Home. Within a very short time he won for himself the love and respect of children, the confidence of the aged and the cordial good will of the directorate. Truly he made a real contribution to the unfolding life of immature youth as well as to the peace and calm of those in their declining years.

His years of service here were all too brief. A chronic affliction of many years standing became aggravated. Altho he underwent several operations and consulted the most renowned specialists of the land none was able to do more than to give him temporary relief. Increasingly the cancerous growth undermined his health and vitality so that during the last two months he was confined to his room and bed. Yet without he maintained a vital interest in the affairs of the home and bore his cross of affliction with patience and fortitude. The will to live which had enabled him to carry on in spite of his sickness was finally conquered by the infirmities of the flesh, and on Sunday afternoon at 2:30 o'clock he closed his eyes in death's slumber, having reached the age of 42 years, 9 months and 14 days.

His death is mourned by his wife, Mrs. Lydia Schirneker, two brothers, Henry of Germany and Fred of Riverdale, Nebraska, five brothers-in-law, Fred, John, Herman, Edwin and Rev. Paul Schroeder, two sisters-in-law, Mrs. Carl Schirneker and Mrs. Broekmeyer, several uncles and aunts, nieces and nephews as well as members of the Bensenville household, the members of the Board of Directors, and his brothers in the ministry. While we may mourn that another has been taken from the church militant we may also rejoice that another has been privileged to join the church triumphant.

Funeral services were conducted at the Home on Wednesday, April 17. Rev. W. C. Krause, President of the Board, had charge of the services. Appropriate music was sung by the children's chorus, the old people and the Elmhurst college quartet. Rev. L. W. Goebel and Rev. R. B. Fiedler brought messages of comfort and consolation to the bereaved. Interment was made in Eden cemetery where Rev. Wagner of Bensenville had charge of the services.

Copied Into Constitution
During the reign in England of William and Mary, after the revolution in 1689, an instrument was drawn up securing annual parliaments, trial by jury, free elections and the right of petition. Several of the first ten amendments to the Constitution of the United States, including the one forbidding "cruel and unusual punishments," were taken almost word for word from this document.

Al Jolson In "The Singing Fool"

The release of Al Jolson picture is an event in the film world, so firmly did he establish himself in the hearts of theatre-goers in his first effort, "The Jazz Singer." The world's favorite entertainer, a title he earned on the stage, now applies equally to his screen appearances.

There is an appeal which is universal, different than the appeal of any other genius of stage or screen. "The Singing Fool," in which Warner Bros. present the famous comedian for the second time as a screen star, has been secured for an early showing, and opens an engagement of four days at the Des Plaines Theatre on Monday next.

The spectacle, in none of his story of the joys and heartaches of the people of the cabarets, introducing Jolson as proprietor and master of ceremonies of a hectic New York night club.

The film reveals a new Al Jolson—an artist who has become as much the master of the silver screen as though it had always been his chosen medium—an actor who carries himself with the poise of a veteran. "The Singing Fool" is a sensation.

Among the supporting players are Betty Bronson, Edward Martindel, Robert Emmett O'Connor, Josephine Dunn, Reed Howes, Arthur Housman and David Lee. C. Graham Baker made the adaptation from a Leslie S. Barrow's story. Lloyd Bacon directed.

GEORGE BANCROFT AT THE UPTOWN

The "ruffian" of the screen has outwardly turned gentleman, Geo. Bancroft, in his newest starring picture, "The Wolf of Wall Street" comes to the Uptown theatre Saturday portraying a quick-thinking, quick-acting, chance-taking plunger in the financial dealing of the "Change". Outwardly he is immaculate—inwardly he is cruel, shrewd and utterly fearless, feared by all who know him.

Bancroft declares the characterization to be one of the most difficult in his long career of stage and screen experience. In none of his recent successes has he been forced to preserve the suave social front, having always had parts that permitted full vent to his natural dynamic force. In "The Wolf of Wall Street", the star is supported by an unusually fine cast of talking experts.

In contrast to the dramatic entertainment of the screen, the Uptown stage will be resplendent with Spanish atmosphere, when Verne Buck and his "Torrid Torridors", present a synopsed Sista of melody, "Barcellona."

VARSITY THEATER

William Haines' latest picture, "Alias Jimmy Valentine," made from the famous stage play with talking sequences, will play at the Varsity Theater April 25 and 26. The picture is of interest straight dramatic roles. In "Alias Jimmy Valentine," while there are a number of funny moments, the dramatic interest has been emphasized first of all.

Superannuated Minister Dies

Rev. G. Bohmstengel passed on to the Great Beyond Saturday evening at the Old Peoples' Home at Bensenville, at the ripe old age of 74 years. He made his home there since last September, but was well known here as he had served as temporary superintendent of this same home for nine months during the years 1923-1924.

He leaves one daughter who is a teacher at Aurora, two sons, one who resides in California, the other living near Joliet.

Rev. Wagner conducted a short funeral service at the Orphan Home chapel Sunday and the remains of the departed minister were then taken to Aurora where services were held Tuesday and the body laid to rest at that place.

The sympathy of the entire community is extended to the sorrowing ones.

COUNTY BOARD O.K.'S RD. PLAN OF ROSELLE BD.

Initial Work Done for Ultimate Widening of Chicago Street

An eighty foot business street in Roselle, by the action of the DuPage county board of supervisors, who this week accepted the plan, is a step nearer a reality, which had been previously endorsed by the Roselle village board. The acceptance of the plan by these two bodies is the first step necessary in the legal steps that is expected to ultimately bring about the completion of Irving Park Boulevard thru Roselle as a paved road.

The plan of the engineers provides for a viaduct under the railroad near the present end of the pavement, thence west along Roselle's business street, crossing Roselle's business street, crossing 1st and 3rd avenue and Roselle road. It is reported that nearly all of the property owners interested have agreed to donate the required right-of-way and it is not expected that there will be very much difficulty in securing the needed ground for the street extensions.

It is expected that Irving Park boulevard pavement will some day be connected with the proposed Devon avenue pavement to be constructed on the DuPage-Cook county line, thence into Elgin.

The business men and others of Roselle are giving evidence that Roselle is very much alive and great things can be expected in that village the coming year.

New Stores Under Construction
H. O. Holland, contractor, is at work upon the remodeling of the former power plant building which, when completed, will give Roselle four more stores and five offices.

Roselle Starts Plans For Community 4th Of July Celebration

Roselle Fire Department, with the cooperation of the business men's association, has a joint committee at work upon a big Fourth of July celebration that will be something a lot different than anything ever held in Roselle.

It's purpose is to celebrate the day as the nation's birthday and the financial return will be a secondary matter. These two organizations are willing to take money out of their treasury, if necessary to make the celebration a success and no effort will be made to earn a financial profit.

Evangelical Conference Makes Change At Church At Itasca

The Illinois conference of the Evangelical church convened at Freeport the past week. Rev. M. F. Gronwald of the Itasca church attended. Sessions held during the day and evening throughout the week, which were both instructive and inspiring. From the various reports, pastors exchanged ideas and plans that proved beneficial to many. Appointments were assigned Sunday afternoon. Rev. Gronwald was assigned to the Englewood First church; Rev. C. F. Schriver will come to Itasca. Wood Dale continues under the supervision of Itasca ministry. The Itasca church regrets Rev. Gronwald's leaving yet greater opportunities are coming to him and his family in the new charge. Congratulations and best wishes for his success in the new field are extended to him from his many friends. Next Sunday he will deliver his farewell sermon and the family will move during the week.

A hearty welcome awaits Rev. Schriver and family as they assume their responsibilities in Itasca and vicinity.

Rev. F. Zersen, esteemed pastor of the St. Luke's Lutheran church, received a call to the pastorate of the Lutheran church at Gardena, North Dakota. A business session of members from the Itasca church convened Sunday afternoon for the purpose of deciding this momentous question. Rev. Zersen was allowed to choose his own pleasure, however, he courteously solicited the vote of the members. Needless to say, that the Itasca church voted unanimously to retain the pastor, who has served so faithfully many years and worked for the interest of the church and its members. Rev. Zersen holds the honorable distinction of having been pastor in the Itasca church twenty-two years in the month of August this year.

Itasca Breeder Selects Trade Name for Pure Bred Holstein Herd

William F. Wade, whose herd of purebred Holstein dairy cattle is well known in northern DuPage county, has recently chosen a trade name to identify his herd, according to an announcement made by the Holstein-Friesian Association of America which registered the name for the breeder. "Eagle Eye" is the name chosen as a part of the name of each individual animal in the herd.

All registered Holsteins have a name and number, the name usually indicating the ancestral blood lines.

This prefix trade mark will be used by the breeder as a further means of identifying individual animals by indicating the farm where the animal was bred. More than 7,800 of these trade mark names are now in regular use by Holstein breeders.

BENSENVILLE

Rev. Clausen, of Churchville, was speaker at the regular meeting of the Hi-Y boys Tuesday.

Mr. Frank Garrison, of Detroit, Michigan, is a guest at the George King home.

The high school seniors are well on their way to commencement doings. They selected class motto, flower, and colors at a recent meeting. The play has been chosen and is being worked upon. The Milwaukee Woman's club served a demonstration dinner at the club house Tuesday and 40 people attended. The dinner was prepared by experts from the Cast-Rite Cook Ware Co., of Chicago, whose purpose in coming to Bensenville was to demonstrate what could be done in the way of preparing a meal with their cooking utensils. The proceeds of the dinner was turned over to the club to be used in benefit work by them. The four gentlemen who prepared and served the dinner were the appreciation of every one who partook of the meal. Waffles, roast beef, potatoes, carrots, baked apples and coffee made up the menu and all of it was cooked without water except the coffee.

HENRY HERMAN DOHE

Mr. Henry Herman Dohe was born April 11, 1861 in Schale Westphalia, Germany. In May, 1871, at the age of 10 years, he emigrated to America with his parents and 8

days after that his mother died. During the entire time of his life, Mr. Dohe lived in the vicinity of Bensenville and Itasca and at last in Wood Dale. In 1875 he was confirmed by Rev. P. L. Albert in Immanuel's church of Churchville. November 10, 1882 he was joined to the bonds of holy matrimony with Miss Lissette Mess, with whom he spent over 45 years in a happy matrimonial life. This union was blessed with 6 children of whom one son, Fredrick, preceded his father into eternity June 23, 1903, at the age of 15 years. After many days of suffering, the hour of deliverance for which he had longed came April 16, 1929 at 3:00 p. m. He departed from this world attaining an age of 68 years, 5 days. He leaves to mourn his demise his grief stricken wife, Mrs. Lissette Dohe, 4 sons, Herman and Harry of Wood Dale; Allie and William of Chicago; 1 daughter, Amanda Heimsoth of Wood Dale; 4 grandchildren; 3 daughters-in-law; one son-in-law, Geo. Heimsoth; one brother, Barney Dohe in Kansas; a sister, Mrs. Fred Mensing in Bensenville; 3 step-brothers, Wm. Dohe and John and Henry Koebemann of Kansas and other relatives and friends.

Mr. Dohe was for many years a faithful member of St. Johns church and served many years as church and school trustee. God grant him eternal rest and peace after all the toils and hardships of this life. We exclaim to him: Farewell dear brother, 'till we meet again at the throne of Jesus.—Amen.

The funeral was held Saturday, April 26, at 1:30 from the residence at Wood Dale of St. Johns church. Rev. H. L. Barth officiated at the last sad rites. Interment in the congregation's cemetery.

Two Separate Birthday Parties Last Tuesday

Tuesday evening, April 23 marked the mile stone in the lives of Vernon Franzen and Miss Florence Stock, that being the birthday of both young people. About 15 young men met at the home of Vernon's parents on Addison street and helped him celebrate the occasion.

At the same time about 15 young ladies gathered at the Stock home on York street and made merry in company with Miss Florence who was celebrating her 18th birthday.

Both Vernon and Florence received many beautiful presents and both were very happy to have their associates remember them so kindly on the occasions. After spending a very pleasant evening all departed wishing both many happy returns of the day.

Sailor's Compensation

The sailors of the United States navy during the Eighteenth century received pay that appears ridiculously small compared with that of today. Captains received only \$100 a month and seamen received the huge sum of \$10. Today seamen's pay is \$54 a month.

"As You Sow, So Shall Ye Reap"

That famous biblical injunction applies just as much to matters of finance as to matters of ethics and conduct. Only by "sowing" money is it possible to reap a financial return from money. Money deposited in a bank produces more money—money in the form of Compound interest.

And it is by making money earn money that financial success is gained. Right now, at the "sowing" season, is the time to plant the seeds of prosperity. Do so by opening a Savings Account in this bank today.

IN AMONG THE LOCKERS

in among the lockers
Miss Swinehart's Frank, are you sure you didn't do anything wrong while I was out?

F. Bork: Well, er—absolutely.

This is Lloyd Brekke's definition of a question mark—a fish hook turned upside down over a period.

G. J.: Oh! Benny!

R. J.: Oh, Ben, some one called you.

B. W.: I got bad ear sight.

Miss Robinson: Well, Henry, you taking your vacation?

Henry: No, just resting up a bit.

Miss Brown: I suppose, Martin, when you get into the next world you'll have a good alibi for St. Peter.

Martin: Maybe.

G. Wells: He won't go there.

A Frosh! ! !

Miss Brown (In Algebra): You folks like to be watching the clock all the time.

C. Herzberg: I didn't look at it past the last five minutes.

Riddle:

What boy in school has the name door when you are finished using them?

Answer—"Schutt."

What freshman boy has the name of what a king lives in?

Answer—"Castle."

What freshmen girl has the name of what Franklin Park is?

Answer—"Berg."

Our Teachers

We have lots of teachers

Short 'nd fat 'nd tall

They make us work hard all day long

And try to help us all.

Mr. Baker, he's our prof

And Mr. Deal he's 'sistant

I know several students

That try to keep them distant

Miss Swinehart teaches English III

And also Latin I

Miss Brown has Trigonometry

And has a lot of fun.

Miss Lowe has our school "Cooking"

Miss Biedermann our songs,

Mr. Stark our chemistry

That's where they each belong

Miss Robinson does English I

And also English IV

Mr. Watson Manual Art

Miss Thomas French, and more.

Miss Miller has the shorthand class

And our typing here

That's all the teachers that we have

And we won't shed a tear.—Ruthie.

How do you make your pigs so little?

They are vastly engaging at that age

I was so myself.

Now I am a disagreeable old hog—A middle aged gentleman and a half.

This bit of frivolous poetry was written by Charles Lamb in a letter which he sent to a friend thanking him for a pig. Here we have some imitations as written by various members of the Junior class to their fellow-classmates.

Wally D. wrote this to Hank: Buy our eggs, we have the best. They are delicious tho' they act suspicious.

But buy our eggs, nevertheless. Some people say they're rotten. But people don't know nothin'.

So buy our eggs at fifty cents a dozen.

Buy our meat it's sweet and juicy. Our cows are fat, but what of that. Our steak is tough, our butcher's rough, our prices high.

But don't cry for you won't die from what we sell to eat.

This to Florence from Marg: The day was bright and sunny. The faces filled with woe. And all because the day had started with getting out of bed on the wrong side.

Another to Hank from Robert Schutt: Here's a toast to the fowl That laid the golden fruit. For it's no fault of theirs That eggs are so precious.

This one about a pencil written to Wally by Gale: Books can be read. And we all eat candy. But a good old pencil Always comes in handy.

Speaking of poetry, the Juniors have "it".

EXCHANGE COLUMN

The Exchange Editor has been extremely lucky in the number of papers received from other schools in the past two weeks. Here are some choice tid-bits:

The Freshman class loves that little ditty entitled: Seniors, seniors, don't be so bold—you are just Freshmen four years old!

—Ela Township "Flash".

Slogane for Ads:

Pepson's—Use no other and get a free trip to filmland.

Waterman's Pens—Not a scratch in a carload.

Blue Jay Corn Plasters—They know their bunions.

Colgates Toilet Goods—Good to the last scent.

—Antioch "Bit o' PeP."

A Little More Scotch

I understand several Scotch coaches are trying to have the basketball rules changed so there will be more free throws.

—Libertyville, "Drops of Ink."

"Pat was drowned yesterday."

"Couldn't he swim?"

"Yes, but he was a union man. He swam eight hours and then quit."—Arl. Hts., "The Cardinal."

WHEELING DEPARTMENT

April 29-May 3, Clean Up Week

Next week has been designated as the official Clean Up Week for Wheeling. Cooperate with nature, as she adorns herself in her spring fineries by clearing away the winter's accumulation of debris. Trucks furnished by the Wheeling Chamber of Commerce will pick up the rubbish placed at the curb on the mornings of May 2 and 3.

Mr. Wm. Lawrence was elected as school director at the regular election held last Saturday, Mr. C. F. Balling having declined to consider the office for another term.

Daylight Savings begins Sunday, April 28. Set your clock ahead one hour Saturday night, if you would keep your appointments on time Sunday.

Beatrice Verne Blocks was born to Mr. and Mrs. Leo Blocks of Buffalo Grove, on Tuesday, April 16, in the Wheeling hospital.

Mrs. Geo. Sicks and son, John, motored to Dubuque, Iowa, for the week-end.

George Anderson, a 12 year old lad from Northbrook was operated at the Wheeling hospital Tuesday noon. The operation disclosed a ruptured appendix, which makes his condition serious, though hopeful.

A party of twelve, representing the Wheeling church, attended the fourth and last banquet of the season held by the Presbyterian Union at the Hotel LaSalle last Thursday evening.

A group of Wheeling "Cub Fans" attended the game at the Cubs Park last Thursday.

Miss Elizabeth Teske, of Chicago, visited with her aunt, Mrs. Hoffmann, over the week-end.

The annual meeting of the Wheeling Tennis Club will be held Monday evening, April 29, in the church basement. Members are urged to be present and anyone interested in the game is invited to be present at that meeting. With but little remaining to be done to have the court ready for play, a full season of play on the court is expected.

At a meeting of the canvassing board held on Monday evening the tie of the recent election was decided upon and a drawing held which declared Mr. Frank Forke elected to the board of trustees.

Have you been reserving the date of Friday evening, May 3. We

hope so, that you may be entertained at the school by the Petrie Novcity Trio. They are: Alva Ball, accompanist, singer, reader and accompanist; Ben Ritzenthaler, saxophonist, trombonist, clarinetist and bassoonist; and Herbert Petrie, trumpeter and melophone player. The program will consist of instrumental solos, duets, trios, readings and impersonations, vocal selections, with plenty of good clean fun and comedy numbers. This company has made a great success on the Seaside Theatre Chautauqua circuits, and was for three years with the Keith Vaudeville Circuit, and give promise of an evening's entertainment well worth the price of admission. They're appearance here will be under the auspices of the Ladies Aid Society of the Presbyterian church.

Valuable "Accidents"

Scientific discoveries are often accidental. They are usually made by men trained in the line of scientific invention or observation. Oxygen, discovered by Priestley; calcium carbide, by Willson; vulcanization, by Goodyear; X-rays, by Roentgen, and radio-activity, by Becquerel, fall in this class.

Crowded Island

Java, no larger than the state of New York, has a population of about 36,000,000 people.

Food Requisite

The most important mineral substances required in food are the salts of iron, iodine, phosphorus, calcium (lime), manganese, potash and soda. Iron is required for the blood. The red coloring matter, largely composed of iron contained in the red corpuscles, carries the oxygen taken in by the lungs all over the body.

ST. PETERS EVANGELICAL CHURCH
Our primary department is continually growing. It seems to arouse a great deal of interest.

Most every Sunday we have new scholars and visitors. We are fortunate to have an efficient force of teachers but they have their hands full. This department is very much in need of a bookcase in which could be classified all the graded lessons and teaching material. A so-called combination desk and bookcase would be just what we need. Perhaps someone living in a modern dwelling with built in bookcases would gladly dispose of the old style bookcase. If anybody would be willing to present such a bookcase to the Sunday school or sell it for a reasonable price, we would be glad to hear of them.

Remember Daylight Saving time next Sunday.

While Rev. Otto Mayer is attending a convention of the international council of religious education at Cleveland, Ohio, his wife and little son, Robert, are visiting with Grandma and Grandpa Mayer this week.

Daylight Saving Time Starts Next Week

The great city of Chicago has, by ordinance adopted the Daylight Saving plan effective at two o'clock a. m. Sunday, April 28, 1929 i. e. advancing the hands of the clock one hour and on this account it behooves us all to roll in early Saturday evening if we have an appointment to keep or a train to catch Sunday morning. While Chicago's idea of making the sun rise earlier or later does not affect train service running outside of the suburban district yet it is living so close to the city which has adopted this plan our trains will all depart and arrive one hour earlier.

It's an even bet that even some of the people who were instrumental in putting the plan into effect will be late to their golf grounds, and first day it goes into effect. With all the confusion and disappointments this plan causes each year it would look as though it would be better if the business houses would begin work at 7 a. m. and quit at 4 p. m. during the summer months instead of working from 8 a. m. till 5 p. m. It would be the same thing and save putting two hour hands on a watch or train always causes confusion and discomfort to thousands of citizens every time the change is made. But it is here for another year and no matter what time the sun rises we in the suburbs have to abide by the rule. So take notice and don't forget that you have to get up an hour earlier after Saturday morning, no matter what time you retire.

Niles Center Public School

Florence Biesman, Editor The 7th and 8th grades have taken the fourth quarterly examinations.

Room 6 has two new pupils, Harold Anderson in the 7th and Virginia Thulstrup in the 8th grade.

The 8th grade are deciding on their pins and rings for graduation. They also had a meeting for deciding on their flowers, colors and motto. They have decided to have an American Beauty Rose for their flower, salmon and silver for their colors and "Forward Ever, Backward Never" for their motto.

The school is practicing on their operetta for their closing exercises. They are also practicing songs and yells for the festival.

Janita Peterson and Margaret Murry are two new pupils in the third grade. Both are very fine students. We are glad to have them in our class.

Our project for the month is to have Elsie Pitts back again. She has been in Louisville, Kentucky, four months.

Constance Heinz of Chicago and Catherine Murray of Miles City, Montana, are new in our room.

Herbert Peters has moved to Schaumburg. We are very sorry to lose Herbert.

Our project for the month is Japan. We have been studying the clothes, homes and games of the little Japanese children. We have been making a pretty panel poster about our little yellow cousins. The sand table is blooming with the cherry blossoms of the flowery kingdom.

Lizbeth Ann Innis is absent this week due to chicken pox.

We have a new pupil in 4th grade. Jane Burkland has come to us from the Boone school in Chicago.

In 4th grade we are working hard, trying to master long division. We are doing very nice work in arithmetic.

Fifth grade has made some very nice clay maps of the United States.

The operetta "Mid Summer's Day" will be given by the pupils of Niles Center school in June.

Robert Harms celebrated his 7th birthday at school Monday afternoon, April 22. The party was held in the lunch room. He treated his classmates with ice cream and cake. Everyone enjoyed it.

The pupils of the 1st grade have begun working on a rhythm band. They have mastered the use of the sticks, tambourines and triangle. Next week they will play their band with the piano.

The leaders in the 1st grade spelling contests are Armin Mayer and Harold Risko. Each has 12 stars, which means that each has received 100 per cent in their weekly spelling tests for twelve weeks. Those second in the race are: Bobbie Throop, Robert Harms, Calvin Sparrow, Betty Quist and Clarence Wohlbrandt. Each have 11 stars.

Alice Locke withdrew from our school a week ago. She moved to Chicago.

The 6th grade class in language has just completed the study of the poem and the picture, "Old Ironsides." Now the boys and girls hope to see the floating museum which the restored "Old Ironsides" is going to be, come to Chicago.

Some very picturesque health charts have been made in the sixth grade hygiene class.

Stars are being given in the fifth grade arithmetic class for standards of 100.

The fifth grade geography class finds world powers after the World War, an interesting study.

Ted Thulstrup of Chicago has enrolled in the sixth grade.

Jack Bruhough of California has moved to Niles Center and has enrolled in the fifth grade.

Ask Fifty Per Cent Reduction on Car Year License Fees

Chicago—Petitions asking Illinois state senators to support the passage of a bill providing for reducing Illinois passenger car license fees by 50 per cent were placed in circulation today by the Chicago Motor club at its main office at 66 East South Water street, Chicago, and branches covering fifty-one counties in northern Illinois.

The bill providing for the reduction is now pending in the state legislature. It was drafted by the motor club and introduced by State Senator Thomas J. Courtney. The petitions, which are self explanatory, state:

"Whereas, a gasoline tax of 3 cents per gallon will be effective August 1, 1929, in this state; and

"Whereas, this tax will be in addition to existing state automobile license registration fees; and

"Whereas, we believe that the gasoline tax and existing registration fees will comprise excessive taxation of the owners of passenger cars in Illinois; and

"Whereas, we are convinced that existing registration fees could be reduced 50 per cent and that the revenue from that source, combined with the revenue that the gas tax will produce, would be entirely adequate for the construction of new highways, and for the maintenance, widening of and construction of grade separations on existing highways;

"Now, Therefore, we petition you to seek the passage of a bill, now pending in the general assembly, which provides for a reduction of 50 per cent in the registration fees on passenger automobiles."

Next and Last Play By League of Arts

Contrary to any former announcement the next and final production of the League of Arts will be Saturday, May 25. Every effort is being made to close the season with a show that will long be remembered.

It is interesting to note at this time that an entirely new stage setting is being designed and made. Besides being different in that it is an outdoor scene the play calls for small cottage. This is now in the process of construction.

A great effort has been made to secure for the cast a group of people who are adapted to the various parts they are to portray. This is by far the most important detail in producing a play. And in the past performances the successes scored are due entirely to having the right persons take the various parts.

The members of the staff of the League of Arts have availed themselves of every possible source of data in order that they might put into these plays not only amateur qualities, but also those befitting a professional production. Countless plays have been read by some so as to give both variety and the best. Several members have seen in the past winter season twenty to twenty-five plays in the quest of hints and suggestions for the betterment of the shows in Glenview.

With all of this background and experience it is with little hesitancy that an expression is made to the effect that a play paralleling that of any professional production may be expected.

Keep the date in mind and if possible purchase your tickets in advance. The sale of these tickets will start about May 1.

The name of the play is "Deacon Dubbs," and the date Saturday, May 25, 8:15 p. m.

Father Flanagan Home Does Wonderful Work With Orphans

Twenty-five hundred former homeless and orphaned boys are making good in the world, according to reports from field representatives of Father Flanagan's Boys' Home of Omaha, Nebraska, whose business it is to investigate living conditions of boys who formerly were wards of this institution.

These boys are scattered through every state of the Union, but records show not a single boy known to be in a penal institution.

Men, especially equipped for social service work, call upon the former boys and places of employment, if they progress as normal youth should.

Father Flanagan, director of the Home, so keeps in touch with the boys after they leave the Home through personal correspondence. Hundreds of letters are received by him monthly. The boys are glad and eager to write to him for they know that he remembers each one, and always answers with a word of encouragement, advice or commendation.

Hardly a day passes that the Home is not visited by one of the former boys. A smiling face and a voice made husky by emotion tells better than words how grateful and thankful these young men are for the care given them when they were poor lads without friends.

"Homeless and orphaned children are no different than normal children, except for the fact that they have not the opportunity for education and moral and religious training," said Father Flanagan.

The homeless boy is apt to become the criminal of tomorrow unless such an institution as ours cares for him."

Father Flanagan's Boys' Home is a national non-sectarian institution caring for homeless and orphaned lads regardless of religion, race or color. A group of boys from this Home are annually welcomed at Bensenville, where they always stop on their tour through Illinois.

New, Biggest Home Exposition To Be Worth While Show

Chicago, Ill.—The entire tract of the Own Your Home Exposition that opens tomorrow (Saturday) night at 8 o'clock on the Chicago city water works tract at Chicago avenue and Michigan boulevard, is enclosed by great exhibit buildings which are surrounded by six pagoda like towers slanting roofs imposed one on the other, and from which rose colored lights will play on the faintly pink stucco of the exhibit building walls.

These buildings face on the interior of the exposition that has been made into a great garden with red granite walks and sparkling fountains and sunken pools strewn with water lilies. At the east end of the exposition stands the Plaza building the exterior of which is a group of houses with charming windows and chimney pots and entrances and quaint curtained windows and chimney pots and broad verandas. Visitors will pass through eight delightful doorways and find themselves in a great hall lined with gay exhibit booths all painted in dazzling white and surmounted with bright green flower urns. These booths will contain all of the materials, products, processes and equipment that enter into the construction, furnishing and landscaping of the modern home; but these goods will not be displayed on counters so as to speak but each item is shown in its applied use and the homeliest products have been made beautiful by clever backgrounds. Thus building materials will be shown in side wall effects half covered with rambling roses, and steel beams, one of the new items for home building will rise against a drop curtain on which rambling country lanes stretch out to the horizon.

Visitors will ascend the grand stairway at the west end of the tract to reach the Terrace building which will also house exhibits. The front of this structure will be open in high arched show window effects in which spectacular transportation exhibits will show the facilities for reaching the various suburban areas adjacent to Chicago.

A French boulevard with bright awnings over red and black tables is placed on the terrace in front of the big windows so visitors can drink pink lemonade and look into the west hall or down on the broad plaza and the entrance gates below.

The lighting of the Exposition grounds is considered a feat in outdoor illumination. The rose colored lights in the eight towers were selected to bring out the pink tints in the exhibit building walls but a clear white light is used for the great flood reflectors that will be turned on the grounds after dark. These white rays will bring out the landscaping effects to better advantage than any colored lights and will give the effect of moonlight on the flower beds.

To Show New Devices for Homes
The latest plans, processes, and features for every type of home from bungalow to a palace are on display. There is a model kitchen that shows recent advances in the correct layout of this important room and the use of built-in egg beaters. There is an orchid bath room with a gold telephone receiver; just above the sunken tub, and a model home which shows a telephone switchboard in the servants quarters. There are talking moving picture machines for the home library, unfadable wall paper, and grass seed that will bloom in ten days.

A Building Problem Bureau is to be one of the features of the Exposition. Free professional services for perplexed home seekers are provided in addition to the array of exhibits. Advice can be secured at regular hours on the selection of the home site, on financing methods, electrical wiring, heating and ventilating. Here visitors can bring designs of homes they expect to build and secure the opinion of leading Chicago architects as to whether or not they are practical. These men, who will be on hand every day and serve in a voluntary capacity for the two week period, can be consulted by people who already have homes and are having trouble with them, or the roof leaks, or the down spout or the windows rattle or the heating plant breaks down, these experts can probably tell what is the matter and how you can overcome your difficulty.

Elaborate programs of entertainment have also been arranged with foreign societies co-operating in giving pageants, songs and dances that will portray home life in foreign lands. May 8 will be German day and will be under the auspices of the German club of Chicago, who have appointed a special committee to take charge of the program that includes Postmaster Arthur C. Lueder, William G. Regelin, Leo V. Roeder and Nicholas G. Mueller.

And strolling mandolin players garbed in gay costumes will play love songs to home seekers.

CONSECRATED BISHOP
Father Wm. Finemann of the Society of the Divine Word, who after the death of Father Thiele several years ago, served as pastor in charge of St. Peter's Catholic church at Niles Center, until the appointment of Father Evers, was well known to many of this vicinity, and according to recent reports Father Finemann has been consecrated a bishop and appointed as assistant to the Bishop of Regina, Le V. Roeder since leaving Niles Center his field of labor has been in the Philippine Islands.
